

2019 Annual Report

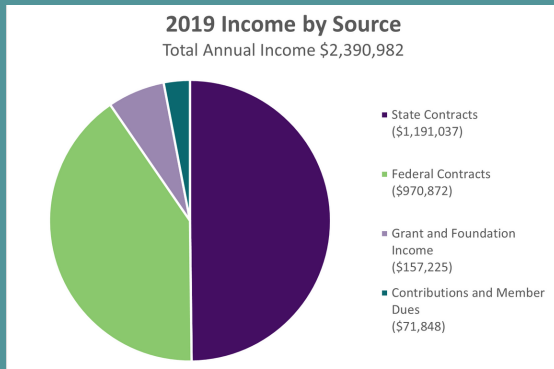

NCCADV
North Carolina Coalition
Against Domestic Violence

Mission Statement:

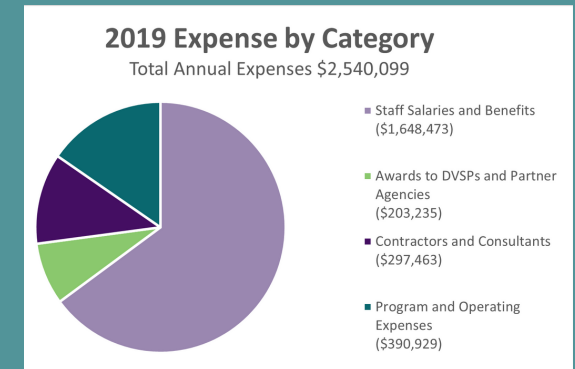

NCCADV leads the state's movement to end domestic violence and to enhance work with survivors through collaborations, innovative trainings, prevention, technical assistance, state policy development, and legal advocacy.

Financial Report:

Both income and expenses were down from 2018. Income from State Contracts and Grants and Foundations were very similar to the prior year. Contributions and Member Dues and Federal Contracts were both down significantly. Both may be due, in part, to NCCADVs focus on the search for a new Executive Director for much of 2019. Carianne Fisher joined the Coalition in November 2019.

Staff Salaries and Benefits and Program and Operating Expenses were up slightly, but Awards to DVSPs and Partner Agencies and Contractors and Consultants both decreased significantly from 2018. Operating expenses include the cost of the search for our new Executive Director.

Program Report:

NCCADV introduced a new program in 2019. The goal of the Nia Program for ABC (African, Black, and Caribbean) Survivors is to enhance culturally-responsive advocacy and outreach strategies to survivors and community partners within North Carolina's ABC communities in order to address Intimate Partner Violence (IPV).

In collaboration with the existing local DV agencies in Halifax, Edgecombe, and Nash counties, the program will provide crisis counseling, presentations/trainings, and community outreach.
